

PETERSBURG.

AN ACCIDENT—A PETERSBURGER KILLED IN NORTH CAROLINA—IMPROVEMENT OF THE CITY HARBOUR—PERSONAL ITEMS.

(Correspondence of the Richmond Dispatch.)

August 23, 1880.

The remains of Mr. C. T. Crowder, who was accidentally killed near Reidsville, N. C., on Saturday last, were brought to this city yesterday for interment. Deceased was the son of parents living in Chesterfield county, and about thirty-three years of age, and left here on the Richmond and Danville railroad on Saturday morning, in company with Mr. Enos Browder, of Manchester, who was superintending the work, and some eight or ten other hands. Mr. Crowder was engaged in doing some repairs on the bridge over the river near Reidsville, and while there he fell from the bridge, and was killed. The cause of the accident was the fact that the bridge was in a state of disrepair, and the rails were loose, and the train was running at a fast pace. Mr. Crowder was the only one killed, and the others were unhurt. The body was taken to Reidsville, and will be buried there on Monday morning.

The deceased was engaged to be married to a young lady of this city. His mother has been made ill by the shock of his sudden death.

Mr. E. J. Tucker, a well-known citizen, died last night.

The Board of Directors of the Lower Appomattox Company at a meeting held on Saturday adopted a resolution providing for the immediate removal of the sandbar in our harbor, on which several vessels have recently grounded.

Judge Jones, the president of the company, left for Baltimore today to make a contract for its removal.

It is expected that the Richmond baseball nine will visit our city on Wednesday to play a return match game with the Old Dominion Club.

Rev. Dr. J. Grauberg, of Vanderbilt University, preached twice in this city yesterday at the Market-street Methodist Episcopal church, of which he was formerly pastor.

Mr. R. B. Pretlow, a prominent citizen of Southampton county, is living ill at the Bollingbrook Hotel, in this city.

ROBIN ADAIR.

BLACKSBURG.

ALL QUIET AT THE COLLEGE—THE NEW FACULTY—WHO THEY ARE—SKETCHES AND PERSONAL NOTES.

(Correspondence of the Richmond Dispatch.)

August 23, 1880.

I am happy to report that all excitement with reference to the Agricultural and Mechanical College has subsided here since the election of the new Faculty last week, and now everybody is ready and waiting to welcome the incoming professors and their families.

A word or two about the new men may be of interest just now.

Colonel Scott Slipp, the president, graduated at the Virginia Military Institute with distinction more than twenty years ago, and has been connected with that institution ever since as commandant of cadets. He was wounded in the battle of Antietam during the late war while in command of his Cadet corps. His cadets speak highly of him. He had twelve competitors for the position.

For the chair of English there were fifty-six applicants. John Hart, an M. A., of the University of Virginia, was the lucky one. He has been engaged in teaching about thirty years, principally in female institutions. He has taught in Staunton, Charlottesville, and Richmond, in this State. The testimonials furnished by his associates and afterwards of other State and by his patrons, prove that he has been successful in his business.

John E. Christian was chosen from among thirty-eight applicants to fill the chair of Mathematics. He took the highest honors at Randolph-Macon college and afterwards of two years at the University of Virginia, graduating in several schools. He, too, has spent his life teaching, and he has testimonials from the highest sources to show that he has taught well. He has been identified with schools in Lynchburg, Petersburg, and Richmond.

Five applications were filed for the chair of Agriculture and Chemistry. The fortunate man, Dr. Martin P. Scott, graduated in the School of Medicine of the University of Virginia, and pursued his studies afterwards in the University of Pennsylvania and in Paris, France. He succeeded Dr. Maupin in the chair of Chemistry in the Virginia Medical College, and filled that chair a number of years. At the close of the war he became identified with Washington University, Baltimore, Md. He comes highly recommended.

Colonel William W. Hackford, of the chair of Mechanics and Drawing, was educated at the University of Virginia. He has spent a number of years on public works in Virginia. During the war he was lieutenant-colonel of the First regiment of engineer troops, and since he has been chief engineer and President of the Lynchburg and Danville railroad. He has had every advantage to prepare himself for his work here.

Eli S. Tutwiler, farm manager, was educated at Washington University, Lexington, Va. He has spent his life farming, and his neighbors say he is a good farmer.

DARUS.

(For the Dispatch.)

Meeting of West Hanover Presbytery.

THIRD DAY.

BYRD CHURCH, GOODLAND CHURCH, &c.

After the half-hour of religious exercises the Committee on the Minutes of the General Assembly reported, specifying a number of articles requiring the attention but not the formal action of Presbytery.

Rev. H. Henry presented a petition from thirty members of the Presbyterian Church, asking church organization at Mount Henson, Albemarle county. The request was granted, and Rev. Messrs. Henry and Pettie were appointed a committee to organize the church.

The next morning of Presbytery was appointed at Amherst Courthouse on the second Wednesday of May next at 10 o'clock P. M.

Rev. L. B. Johnston asked leave to resign this pastoral charge, composed of Byrd and Hebron churches.

Dr. Walker, an elder in Hebron church, in an earnest speech opposed Mr. Johnston's leaving, but the Presbytery decided to grant his request.

Mr. P. F. Barbour then presented a call from the united churches of Goodville and Orange Courthouse for the pastoral services of Mr. Johnston, which was accepted, when Rev. Messrs. Woods, Pettie, and Henry were appointed a committee to install him.

The following members of Presbytery were appointed to preach to the churches this week, and give official notice of the action of the Presbytery. Rev. Mr. Haves at Byrd, Dr. Smith at Hebron, and Dr. Bell at Ravanna, where Mr. Johnston has been preaching as stated supply.

Several reports were read to the last General Assembly were sent to the last General Assembly forwarded to the Synod.

A vote of thanks for the hospitality of the congregation was passed.

Two sermons were preached each day of the session to large congregations.

There was a disgraceful scene at the funeral of Adeline Nelson. An enormous number of people gathered for the purpose of seeing the coffin, and the funeral was a disgrace to the community.

Carver Outdone.

REMARKABLE SHOOTING BY A CALIFORNIA MAN AND HIS WIFE.

(Special telegraph to the Dispatch.)

New York, August 21.—A most remarkable exhibition of shooting was witnessed to-day at the Brooklyn Driving Park.

The exhibition was given by Dr. John Ruth and his wife, of Oakland, Cal., and was remarkable, inasmuch as nothing like it has ever been seen in this vicinity. The famous Carver, who recently astonished the famous European by his skill with the rifle, shot on the same ground some ten years ago, and those competent to judge said Ruth and his wife certainly performed more astonishing feats. The Doctor uses the ordinary sporting Winchester rifle of forty-four caliber, and his wife practices with the old-fashioned Remington six-pound pistol.

The exhibition to-day opened with Mrs. Ruth at the score. She is said to be a native of Scotland, of very pleasing, lady-like appearance, medium height, of stout build, and has clear, dark, piercing eyes. She handled the revolver as a mere plaything, and broke several glass balls suspended at ten paces. She made a noticeable shot at the eleven paces, and then at the twelve paces, breaking a glass ball eighteen feet distant, shooting over her left shoulder, and taking aim by the reflection of a small mirror held in her left hand. She performed another remarkable feat by shivering into pieces a round piece of glass about the size of a silver quarter, held between the forefinger and thumb of her husband, who stood eighteen feet away. She was enthusiastically applauded.

Dr. Ruth's most remarkable shots were in bounding glass balls from the ground in the air, and then loading and reloading and breaking the balls in their downward progress. The Doctor made several very good shots, and his wife made a few. He broke without the least trouble glass balls thrown in the air, and balls which were thrown horizontally in either direction he rarely missed.

Dr. Ruth performed well, when a glass ball was thrown high in the air, he reversed his rifle, turned completely around, and broke the ball before it reached the ground. The Doctor claims to have beaten Carver in a trial of skill on the Golden State District grounds in Oakland, Cal. He wears the champion badge won upon that occasion.

A Young Girl's Suicide.

MISS ALICE HOWARD, OF ALEXANDRIA, TAKES A FATAL DOSE OF ARSENIC.

(Washington Post.)

A most distressing suicide, the victim being a young lady, occurred in Alexandria, Saturday, August 21. A widow lady, and her daughter, Alice, have for many years resided at No. 80 south Fairfax street.

For some time past Alice has been suffering from temporary attacks of insanity. On Saturday morning she appeared more than usually melancholy, and her condition caused much anxiety to her mother, finding it necessary to go out for a few moments, left her daughter alone. In her absence the latter took a large dose of arsenic, which she had secreted about her person, and upon the return of the mother, she was immediately called in and administered an emetic, which caused her to vomit and afforded temporary relief.

An examination of the mucus disclosed the cause of her illness. When confronted with the proof she acknowledged having taken arsenic, but gave no reason for finding it necessary to go out for a few moments, left her daughter alone. In her absence the latter took a large dose of arsenic, which she had secreted about her person, and upon the return of the mother, she was immediately called in and administered an emetic, which caused her to vomit and afforded temporary relief.

The floor of the vestibule—a large room in itself—at the White House, at Washington, has been torn up. A foundation is now being laid, upon which will be put a beautiful design of English tiling. This will take the place of the wooden floor and carpet. The floor will be made of a new material, and is imported from Stoke-on-Trent, England.

General McClellan, of Baltimore, has received a letter from Archbishop Gibbons announcing his expected return to Baltimore in about two weeks from this time, and desiring to have any reception or display on his arrival home by societies or churches. Some arrangements had been made for two years ago, but they will now of course be abandoned.

A number of Catholic clergymen arrived at Baltimore Sunday night, some of them from the diocese of Richmond, to enter on a spiritual retreat which commenced yesterday at St. Mary's Seminary, Poca street. Bishop Keane, of Richmond, will take part in the exercises.

DR. TUTT'S PILLS.

TUTT'S PILLS.

SYMPTOMS OF A TORPID LIVER.

Loss of Appetite, Nausea, Bowels Costive, Pain in the Head, with a dull sensation in the back part; Pain Under the Shoulder-Blade; Fullness After Eating; with a disinclination to exertion of body or mind; Irritability of Temper; Low Spirits; Loss of Memory; with a feeling of having neglected some duty; Weariness, Dizziness, Fluttering at the Heart, Dots Before the Eyes, Yellow Skin, Headache, Restlessness at night, Highly-Colored Urine.

IF THESE WARNINGS ARE UNDEEDED SERIOUS DISEASES WILL SOON BE DEVELOPED.

TUTT'S PILLS are especially adapted to such cases. One dose is such a change of feeling as to astonish the sufferer.

A NOTED DIVINE SAYS:

Dr. Tutt:—For ten years I have been a martyr to the Constipation of the Liver. Last spring your Pills were recommended; I used them. I am now a well man; have good appetite, digestion perfect, regular stools, pines good, and have gained forty pounds of flesh. They are worth their weight in gold.

Rev. R. L. SIMMONS, Louisville, Ky.

They increase the appetite, and cause the body to take on flesh; thus the system is nourished, and by the action of the digestive organs regular stools are produced.

Price, 25 cents. 35 MURRAY STREET, N.Y. 29-cent-a-lin20

TUTT'S HAIR-DYE.

WHISKERS changed to a GLASSY GRAY by a single application of TUTT'S HAIR-DYE. Sold by druggists, or sent by express on receipt of \$1.

OFFICE, 35 MURRAY STREET, NEW YORK. (See advertisement on page 1.)

SIMMONS LIVER REGULATOR.

TAKE SIMMONS LIVER REGULATOR.

THE RECOVERED DYSPEPTIC, BILIOUS SUFFERER, VICTIM OF PLEURAL AGUE, AND MERCURIAL-DISEASED PATIENT, who recovered Health, Cheerful Spirits, and Good Appetite—they will tell you by taking SIMMONS LIVER REGULATOR.

FOR DYSPEPSIA, CONSTIPATION, JAUNDICE, BILIOUS ATTACKS, SICK HEADACHE, COLIC, DEPRESSION OF SPIRITS, SOUR STOMACH, WEARINESS, &c., &c., &c.

IT HAS NO EQUAL.

This valuable Southern Remedy is warranted to cure all the above mentioned ailments, and is a purely vegetable.

If you feel drowsy, debilitated, have frequent headache, or suffer from any of the above ailments, you are suffering from torpid liver or "biliousness," and nothing will cure you so speedily and permanently as to take

SIMMONS LIVER REGULATOR.

It gives vigor to the system, and causes the bowels to move. It takes the place of a purgative, and is best family medicine in the world.

Price 61. SOLD BY ALL DRUGGISTS. N.Y. 10-100

BOOK AND JOB WORK KEPT BY THE DISPATCH PRINTING HOUSE.

THE LATEST NEWS.

Hancock and English Flag-Raising and Speech at Orange Courthouse.

(Special telegraph to the Dispatch.)

ORANGE COURTHOUSE, VA., August 23.—A Hancock and English flag was raised at this place to-day in the presence of an enthusiastic crowd of 1,500 people. Judge O'Ferrall, of Rockingham, addressed the assembly on behalf of the Democratic-Conservative ticket. His speech was cheered to the echo. Mr. A. J. Wale, of Louisa, replied, but did not even awaken enthusiasm among the fifty or sixty Redjackets present. Judge O'Ferrall rejoined in a few happily-chosen words.

Bedford.

DISCUSSION BETWEEN MESSRS. KINNEY AND RIDDLEBERGER.

(Special telegraph to the Dispatch.)

LIBERTY, VA., August 23.—Captain McKinney gallantly met Captain Riddleberger in discussion here to-day, and while he was not allowed an equal division of time, he carried the crowd with him enthusiastically.

Congressional Nomination.

POTTSVILLE, PA., August 23.—The Democratic County Convention here to-day re-nominated Hon. John W. Ryan for Congress.

CRIMES AND CASUALTIES.

A Mississippi Riot.

SEVERAL PERSONS KILLED DURING THE DISTURBANCE.

MEMPHIS, TENN., August 23.—From passengers who arrived here Saturday the following particulars have been gained of the riot which occurred Saturday at Coffeeville, Miss. A special election is to be held next Tuesday to fill a vacancy in the sheriff's office, over which there was a contest at the last general election. The Democrats and Greenbackers have each a ticket in this field. Both parties held a fair celebration meeting at Coffeeville on Saturday. Each raised a pole. The Democrats had a brass band from Grenada, and after the pole-raising marched through the streets. While passing a corner a difficulty occurred between the two parties, and the order was given to disperse. The Democrats, however, refused to do so, and the Greenbackers, who were subsequently commanded, the order was given to disperse.

Washington.

WASHINGTON, August 23.—The commissioners of the Freedmen's Savings and Trust Company have declared a dividend of 10 per cent, and will commence paying the same on the 1st of September next, payments to be made as heretofore upon presentation of pass-books or other evidences of the company's indebtedness, by check on the United States Treasury. The amount required to pay this dividend is \$266,268.25, which, added to the \$100 per cent, heretofore declared and the special deposits paid, aggregates the sum of \$1,258,936.47 divided among the 61,000 creditors of the thirty-three branches of the company. The commissioners expect to pay another dividend of 10 per cent, and will commence paying the same on the 1st of September next, payments to be made as heretofore upon presentation of pass-books or other evidences of the company's indebtedness, by check on the United States Treasury. The amount required to pay this dividend is \$266,268.25, which, added to the \$100 per cent, heretofore declared and the special deposits paid, aggregates the sum of \$1,258,936.47 divided among the 61,000 creditors of the thirty-three branches of the company. The commissioners expect to pay another dividend of 10 per cent, and will commence paying the same on the 1st of September next, payments to be made as heretofore upon presentation of pass-books or other evidences of the company's indebtedness, by check on the United States Treasury.
